AN UNEQUAL FOOTING LICENSES OF HAWKERS AND PED-

LERS INCOMPATIBLE. SUIT AGAINST THE TRACTION CO.

Administrator of Narcissa F. Hudgens Claims \$10,000 Damages-Stanley Lipscomb & Co. Assign-Linbillities \$2,200.

The Committee on Second Market met in the City Hall last night at 6 o'clock. The following members were present: Messrs. Brock, Noble, Witte, and Zimmerman. Bids were opened for the construction of galvanized-iron gutters and outs on the vegetable market building, and the contract was awarded to Messrs Jeter & Bossleux, whose bid amounted to \$35.20. Other bids were submitted by Mr. T. J. Payne, \$53.35, and Mr. H. Clay Lynn, \$70.

A suggestion that the contractors should give security for the proper performance of the work was voted down. Mr. Flournoy, clerk of the market

asked the advice of the committee on several matters, and called their attention particularly to the nuisance which has arisen by reason of hawkers frequenting the market and displaying their goods on the sidewalk. The hawker, he said, only paid a \$20 lifense tax, and he thought it unjust that they should be allowed to enter into competition on equal terms with the pedler, who pays a much heavier tax. After some discussion it was decided to refer the matter to the City-Attorney for an opinion as to whether the hawker is privileged to stand in the streets and sell his goods from the sidewalk. If that is the case, Mr. Zimmerman said, he would move in the Board of Aldermen to stop the issue of hawkers' licenses. of hawkers' licenses.

SCOTTISH REFORMATION TO-NIGHT

An Elaborate Production to Be Given at the Academy To-Night. All that is promised the public in the "Scottish Reformation," to be presented at the Academy of Music to-night, and to-morrow night, will be fully realized. While a good entertainment is expected,

the beauty, excellence, and completeness

of the programme must be witnessed be-fore it can be fully appreciated. The extensive preparations for the event are about completed, and the final rehearsal will be held this afternoon on the Academy stage, the Mozart Orchestra accompanying. Judging from the rehear-sal of last night, the production will be one of the finest ever attempted by Rich-mond amateurs. There are about 250 persons participating, and all are now entirely familiar with their respective roles, so that everything points to a thoroughly enjoyable entertainment.

The most striking feature will be the realistic representation of the life at court of the gay Queen and her afraignment by the stern old Puritan, John Knox. One of the most pleasing features will be the solo of "Annie Laurie," by F. W. Cunningham, as a minsrel. Mrs. Monroe's literary genius and culture ex-presses itself in selecting the most thrill-ing episodes in the dramatic condensa-tion of history and biography for her productions, and also in vividly impressing the same on thousands of people by her original literary diction. Although she takes amateurs for the representations, the entertainment moves with un interrupted promptitude. Mrs. Monroe is a grand and noble instructor, of public

The association is certainly to be commended for the way in which it has provided for the entertainment of its members, and while the work along this line is specially strong, it is grafifying to note that instead of there being a let-up along other lines, that both the re-ligious and educational work shows a large growth over any previous year.
